

**Regions Hospital
Emergency Medicine Residency Grand Rounds & More**

Thursday, February 14, 2019

Regions Hospital Auditorium

640 Jackson Street
St. Paul, MN

Toxicology Conference

The Importance of Toxicologic Research in Global Health

10:10 – 11:00am

Grand Rounds

Whose Hospital is it Anyway?

12:00 – 1:00 pm

Presenter

Lewis Goldfrank, MD

Lewis R. Goldfrank, has worked at Bellevue Hospital Center and New York University Medical Center for the last 40 years. He is currently the Herbert W. Adams Professor of the Ronald O. Perelman Department of Emergency Medicine at New York University. His efforts have led to the development of NYU's Emergency Medicine and Medical Toxicology residencies. He has served as the Chairman of the American Board of Emergency Medicine's subboard on Medical Toxicology, the American Board of Medical Toxicology and the Society for Academic Emergency Medicine. His investigations in preparedness include developing and leading a consortium on preparedness with the NYC Department of Health, leading the New York University School of Medicine Consortium on Preparedness and being the principal investigator for an ASPR evaluation of the NYU response to Hurricane Sandy. Dr. Goldfrank is a member of the National Academy of Sciences and chaired numerous IOM Committees. He has had national and international leadership roles in global health, public health and preparedness for catastrophic events.

Grand Rounds Objectives:

1. Understand the guiding philosophic principles of Emergency Medicine.
2. Develop an understanding of the significant events in the development of Emergency Medicine.
3. Understand the transformative role of Emergency Medicine in graduate medical education.

The Office of Continuing Medical Education, HealthPartners Institute is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
